munity that they can ask for the Tennessee Drug Card discount at any CVS pharmacy in the state – even if they don't have a card in hand.

Through the Tennessee Drug Card program, you can help uninsured and underinsured Tennessee residents access much-needed prescription medications at a discounted rate.

The program is used by people who have health insurance coverage with no prescription benefits, which is common in many health savings accounts (HSA) and high deductible health plans. Additionally, people

with prescription coverage can use the program to get a discount on prescription drugs that are not covered by insurance. The program has no membership restrictions, no income requirements, no age limitations, and no applications to complete.

TML hopes you take advantage of this easy and innovative way to help members of your community get the prescription drugs they need.
